

MICH. DEPARTMENT OF NATURAL RESOURCES

INTEROFFICE COMMUNICATION

July 3, 1984

TO: Midwest Abrasives/Barta Farms, Shiawassee County  
Transactions File - *Placed in gen'l file 9/25/84 after review*

FROM: Denise Gruben  
Site Assessment Unit

The two related and possibly identical sites called Barta Farms/Midwest Abrasives, and MWA Company, should be deleted from the Act 307 list. I spoke with Leroy Vahovick on July 7, 1984 and he indicated that Midwest Abrasives had cleaned up the barrels and soil at the Barta Farms gravel pit dump site. Leroy said that there was no groundwater contamination present at this site.

7-5-84

Update: spoke with Dan Cummins and John Pettit who both stated that soil and probable g.w. contam. Still exists.
